56 1/2 Transfer will occur within
an isolated cove or small harbor
in extremely calm seas.

~~There is some~~ The
specific cove/harbor is characterized
by something wooden & abandoned
an old dock or wharf, a ship
wrecked wooden vessel or an
abandoned shack or structure.
There are deteriorating, wooden
objects extending from the
shore.

"Shunpe" has come from  1222

Version 3 of Great Inagua
Bahamian relationship: either
band out of or ... same as Camerun
of Honduras
